

CAREER DISCOVERY 2017 EXPERIENCE SCHEDULE

Once students enter Career Discovery 2017, they will have three hours to participate. Please familiarize yourself with the layout. There will be five Zones for the students to visit. Your group is able to spend approximately 20 minutes in each Zone and 10 minutes to travel between zones. Once a zone has been visited, you cannot return. There will be no backtracking, only forward movement. Each student will visit all eleven career clusters and should engage in one or more learning activities.
