

# Central Alabama Works: Career Discovery

Explore CTE/STEM/CS careers using Learning Blade!

*Learning Blade is an online, supplemental way to introduce high-demand careers to students in grades 6-9 while practicing academic skills. It is provided to AL schools at no cost by the AL Department of Education Office of Career and Technical Education and Alabama Works.*

Here's how to get your students started!

## If you work at one school only and want an account for your school:

- Go to [www.learningblade.com/AL](http://www.learningblade.com/AL) and fill out the form to get your account. You will receive an email in less than 2 days with your own "Class Code" to give to students.

## If you work at several schools or do not want an account for your school:

- Give your students one of the "Class Codes" below:

School Location	Class Code	School Location	Class Code
Alexander City	b41983	Macon County	9c97xx
Auburn City	da85x9	Montgomery County	ae382f
Autauga County	682557	Opelika City	8a45x1
Bullock County	db6d8c	Perry County	a31d3d
Chambers County	x995ec	Phenix City	7fba5c
Coosa County	129xx4	Pike Road City	3a2d3x
Dallas County	b42f72	Russell County	6441b9
Elmore County	e97acb	Selma City	1bb2d1
Lanett City	62c29a	Tallapoosa County	95995b
Lee County	8x6312	Tallassee City	a32x8c
Lowndes County	b144xx		

## Then students can login online:

1. Ask students to go to [www.LearningBlade.com](http://www.LearningBlade.com), click on "Login". On the login page click "Student Self Signup" and use the Class Code to create their personal login.
2. Students can explore the 12 "Missions" on their own, OR
3. You can provide them with the attached list of career video links to have them go directly to videos on 50 different high-demand careers.
